

# Projects . . . . .

## Arriva plc, Birkenhead Bus Depot, United Kingdom

One of the largest private sector operators of passenger transport in Europe with operations covering, Denmark, Germany, Italy, Netherlands, Portugal, Spain and Sweden. Arriva employs around 30,000 people and provides over one billion passenger journeys a year.

The **Solow** high efficiency, slim profile fitting was ideal for this application, using the narrow distribution version with its high efficiency reflector. Mounting between the bus aisles at 7.5 metres easily achieved the required lighting levels without wasted spill light.

**Solow** 400 watt SON-T Deluxe narrow distribution luminaire with 90% Light Output Ratio allows maximum spacing, delivering highly efficient results
