Traditional

Pendant luminaires with hand-spun steel reflector and replaceable LED lamp

The Thorlux Traditional is a vintage-styled, handcrafted pendant luminaire.

This beautiful pendant luminaire is inspired by 1930's designs that helped to establish Thorlux Lighting's reputation for quality. Thorlux Traditional is hand-spun using the same machines and techniques Thorlux used nine decades ago, creating a luminaire with the look and feel of the classic design. These vitreous enamelled steel luminaires are available in either ivory or British racing green finishes. The light source is a replaceable LED lamp available in a warm 2700 K or a very warm 2200 K.

Applications: reception area, break-out spaces, retail, and restaurants.

- Choice of Ivory or British Racing Green exterior with white interior
- Spun steel reflectors, hand-formed using original machinery from the 1930's with high quality vitreous enamelled finish
- Original Thorlux branding
- Supplied with E27 brass lampholder
- High quality, low power LED lamp designed to resemble original tungsten filament lamps. Warm (2700K) and very warm (2200K) options.
- UV stabilised PVC supply cable with outer fabric sheath
- 2 m galvanised closed link, solid steel suspension chain

IP20 **Up to 100.8 LL/CW**
