Drum

Pendant luminaires with hand-spun reflector and replaceable LED lamp

Evocative of Thorlux Lighting's storied 90-year history, the Drum is a handcrafted pendant luminaire inspired by original 1930s designs.

These vitreous enamelled steel luminaires are available in ivory or British racing green finishes. The pendant luminaire is hand-spun using the same machines and techniques as in the 1930s, creating a luminaire with a classic look and feel. Drum's light source is a replaceable LED lamp, available in a warm 2700 K or a very warm 2200 K.

Applications: reception areas, break-out spaces, retail, and restaurants.

- Choice of Ivory or British Racing Green exterior with white interior
- Spun steel reflectors, hand-formed using original machinery from the 1930's with high quality vitreous enamelled finish
- Original Thorlux branding
- Supplied with E27 brass lampholder
- High quality, low power LED lamp designed to resemble original tungsten filament lamps. Warm (2700K) and very warm (2200K) options.
- UV stabilised PVC supply cable with outer fabric sheath
- 2 m galvanised closed link, solid steel suspension chain

IP20 **Up to 100.8 LL/CW**

Specification
