Realta

High-performance, robust luminaires designed to minimise light pollution, disruption to ecosystems, and energy consumption

The Realta external amenity luminaire has earned its status as an iconic Thorlux product, with thousands installed worldwide.

Realta is a stylish, sleek IP66- and IK10-rated wall-mounted luminaire, comprising a high-pressure die-cast, powder-coated aluminium body and innovative one-piece polycarbonate lens and cover. Its zero upward-light emissions and high efficacy make this an environmentally friendlier, energy-efficient lighting choice for a wide range of applications.

Realta is quick and simple to install, providing uniform lighting for building perimeters and pathways. Its forward-throw optics are also ideal for general area lighting.

Applications: schools, hospitals, retail, and commercial environments.

- Strong high-pressure die-cast LM6 aluminium body
- Wide or area distribution options
- Innovative one-piece LED lens and cover system
- 2700 K and 4000 K LED options
- Extremely efficient and long system life up to 100,000 hours
- Zero upward light
- SmartScan wireless technology removes the need for control cabling. Ideal for retro-fit
