Solow LED Emergency

High-performance emergency high-/low-bay luminaires

A classic Thorlux industrial product, the Solow LED Emergency is a non-maintained emergency high-/low-bay luminaire with high lumen output to illuminate open areas, escape routes or points of emphasis.

The unique body profile minimises dust collection and is easy to wipe clean; Solow LED Emergency is available with a choice of narrow or broad optics to distribute light in the required direction. This hard-wearing luminaire is rated IP64 for dust ingress protection and IK11 impact resistance. Solow LED Emergency uses snap-fit stainless steel mounting brackets for easy installation.

Applications: industrial, warehouse, logistics centres, large open areas, and sports halls.

- High quality control gear and LEDs designed to achieve 100,000 hour life expectancy
- Broad or narrow distribution
- Smooth wipe clean surfaces, no dust traps
- Three hour, non-maintained operation
- Complies with food production standards IFS, HACCP and BRC
- SmartScan wireless technology removes the need for control cabling. Ideal for retro-fit
