

## Architectural emergency exit sign with SmartScan wireless technology

Architectural surface or recessed mounted emergency exit sign. Combination of SmartScan wireless technology and Lithium Iron Phosphate (LiFePO4) battery, this durable and reliable signage adds elegance and style to all applications. Available in black or white colour options with three hour, maintained operation and functional downlight element to illuminate points of emphasis.

Applications: commercial environments, education, healthcare and retail.

- Versatile mounting options to fulfil all installation requirements
- Extremely long LED lifetime, up to 100,000 hours
- 23 m maximum viewing distance in accordance with BS EN 1838
- Simple to install, full status reporting SmartScan wireless communication versions
- Integral downlight for point of emphasis and escape lighting illumination
- Choice of ISO 7010 legends
- Status indicator shows operational condition
- Reliable Lithium Iron Phosphate (LiFePO4) battery technology

Notes: Double sided legend option only available on ceiling mounting versions
