Prismalette 360

Vandal-resistant circular luminaires

The highly versatile Prismalette 360 is a circular luminaire with a high-efficiency satin diffuser, suitable for internal or external use.

Like the regular, square Prismalette, Prismalette 360 is designed to the highest standard of resistance to vandalism. Its strong, high-pressure die-cast aluminium body features a flame-retardant polycarbonate cover, and is rated IP66 for dust and water ingress protection and IK11 impact resistance. SmartScan Radar, microwave presence detector, photocell, and maintained emergency versions are available.

Applications: internal and external lighting for communal residential buildings, security lighting, rooftop, public staircases; pathway highlighting for schools, hospitals, and other public buildings.

- Strong high-pressure die-cast LM6 aluminium body and bezel
- Plain or hooded options with high efficiency fire-retardant satin polycarbonate diffuser
- Concealed tamper-resistant cover screws as standard
- Optional photocell control
- Optional bezel trim for semi-recessed mounting
- Complies with M.O.D. JSP482 Chapter 8 Document for ‘Category C’ areas
- Microwave presence detector versions with stand-by light level feature
- SmartScan Radar versions with sensor discretely hidden behind the cover
