SkyDome

Domed polycarbonate diffuser luminaires

The SkyDome is a highly efficient back-lit luminaire with a domed, polycarbonate diffuser for excellent wall, ceiling, and vertical illumination.

SkyDome is part of the SkyCore family, a range of luminaires designed with sustainability and circularity principles in mind. SkyCore luminaires use the Fast-Fix wiring enclosure and Thorlux-patented LUXGuard technology for faster installation and future flexibility.

The SkyCore family offers efficacies up to 146.9 luminaire lumens per circuit watt, minimising power consumption and environmental impact. SkyCore luminaires are designed to provide a long 100,000-hour life and are fully serviceable. Through its modular design, SkyCore luminaire components can be separated for servicing, upgrading, or repurposing.

Available in recessed, surface, and pendant mounting options.

Applications: classrooms, libraries, healthcare, break-out areas, canteens, circulation areas, and entrance lobbies.

- Shallow body depth of 59 mm, 94 mm including the gearbox
- TM66 score of 2.7 - LIA/CIBSE certification scheme TSD-012 verified
- Domed diffuser provide excellent wall, ceiling and vertical illumination
- Suitable for most ceiling types with optional side arm suspensions and plasterboard mounting kits
- Designed to exclude dust, dirt and flies. All control gear is outside the LED enclosure
- Rapid installation using Fast-Fix wiring enclosure or SmartScan plug and play TEE connectors
- SmartScan wireless technology removes the need for control cabling. Ideal for retro-fit
